GDPR Privacy Notice Summary Report

Date: 16/08/2025

Data Protection Officer: Helen Pye

01670 515415

info@kevi.cheviotlt.co.uk

Introduction

Under the General Data Protection Regulations (GDPR), individuals have a right to be informed about how the school uses any personal data that we hold about them. This report provides information on the kinds of personal data we hold as a school and why and how we might use it.

Schools use a variety of personal data as part of their work and we take great care to ensure that this information is kept safe and secure. Personal data includes things like names, addresses and age, information that we need in order to comply with our statutory role in educating pupils.

Most of this data is essential and does not require your consent to use it. Some personal data is not essential and for that, depending on age, we require the consent of either the pupil or parent. An example of the kind of data that needs consent would be using pupil photographs on the school website.

In this GDPR Privacy Notice summary report, you will find a complete list of all the systems the school uses which hold personal data. The report also contains additional information such as what personal data items are held, the legal basis for doing this, along with a description of the system, why the school processes the data and who it is shared with.

If you have any queries about this document or any other issue relating to personal data, please contact the school Data Protection Officer, whose name is on the front of the pack.

Systems included in this report

System Name	Description	Special Category
Bandlab	Music education for everyone Our award-winning music creation features let students embark on a music-learning journey that unleashes their creativity and foster collaboration with peers	
Bromcom	To provide the best MIS and finance solution for all schools to help improve student outcomes.
