## Introduction

Under the General Data Protection Regulations (GDPR), individuals have a right to be informed about how the school uses any personal data that we hold about them. This report provides information on the kinds of personal data we hold as a school and why and how we might use it.

Schools use a variety of personal data as part of their work and we take great care to ensure that this information is kept safe and secure. Personal data includes things like names, addresses and age, information that we need in order to comply with our statutory role in educating pupils.

Most of this data is essential and does not require your consent to use it. Some personal data is not essential and for that, depending on age, we require the consent of either the pupil or parent. An example of the kind of data that needs consent would be using pupil photographs on the school website.

In this GDPR Privacy Notice summary report, you will find a complete list of all the systems the school uses which hold personal data. The report also contains additional information such as what personal data items are held, the legal basis for doing this, along with a description of the system, why the school processes the data and who it is shared with.

If you have any queries about this document or any other issue relating to personal data, please contact the school Data Protection Officer, whose name is on the front of the pack.

<b>Owner</b>	The King Edward VI Academy
<b>Description</b>	Hutchison Catering offers a refreshingly different range of catering services to schools and businesses driven by our ethos of personal relationships and honest professionalism. Established by brothers Colin and Andrew Hutchison in 2013, we specialise in delivering tailored catering services to the Education and Business sectors throughout the UK. With roots as a family-run business, we always put people first, prioritising successful relationships with our partner schools, the welfare and development of our teams and the enjoyment and nutrition of our students. We take pride in building meaningful partnerships with our clients through integrity, passion for quality, a commitment to innovation and a genuine belief in simply doing things better. In May 2025, Hutchison Catering strengthened its business by joining forces with Impact Food Group – another great partnership as both businesses are united in the mission of transforming lives through the power of food. With over twelve years of experience serving exceptional food, we know that quality catering does not happen by chance. It happens as a result of passionate people working together to develop innovative menus using quality ingredients before serving them with care, and that is where Hutchison Catering excels.

<b>Owner</b>	The King Edward VI Academy
<b>Description</b>	SchoolCloud started in a computing classroom — except, we weren't the teachers. Our company founders were aged 15 and challenged by their IT teacher to solve a school-wide issue of room double bookings. They spent a rainy, Scottish summer developing our very first product, Room Booking System. Not only did their school find it a winning solution, but they even gave them the grand sum of £100 for it! Equipped with our first income and some valuable guidance from entrepreneurial parents, we launched our business from the playground in 2006. And we've not looked back since. Today, by understanding our customers to ensure our technology is tailored to their needs, our software has come far beyond version one. We've organically grown our team to develop and launch multiple award-winning technology solutions that are used across the world to enhance school operations.

<b>Owner</b>	The King Edward VI Academy
<b>Description</b>	The UK's leading online system for managing educational visits, off-site activities, and adventurous learning. Designed specifically for schools, academies, and local authorities, EVOLVE streamlines the entire process – from planning and risk assessment to approval, active management and post-visit evaluation. We wanted to thank you for purchasing the Evolve+ option within the Corporate Health and Safety SLA. The purpose of this email is to outline the next steps to help you get Evolve+ up and running. We will be adding Evolve+ to your establishments Evolve account today. There will be no change to how you or your colleagues access the system. All usernames and passwords will remain the same. You will be sent an email by EduFocus (providers of Evolve) over the next 2-3 days. This email will be sent to the first person who is listed as the Main EVC in your establishments Evolve account. It will provide you with 2 things; Information and guidance about Evolve+ and, the Wonde link which connects your establishments MIS to your Evolve account Please note that those persons with access to more than 1 establishment in Evolve may receive separate notifications for each establishment. In this case, both emails will require a response for each respective establishment. Once the email is received, please disseminate the guidance information as needed and respond to the request regarding the Wonde link. The latter may be referred whoever manages your IT systems. When EduFocus receives your response regarding the Wonde link they will initialise the link and you will be up and running. If there are any queries in respect of the above or you are unsure who is listed as your Main EVC

	<p>please get in touch. We look forward to working with you further over the coming year. SLA Brochure:  <a href="https://sla.northumberland.gov.uk/Brochure.aspx?SLAID=20#Item517">https://sla.northumberland.gov.uk/Brochure.aspx?SLAID=20#Item517</a></p>
