## Introduction

Under the General Data Protection Regulations (GDPR), individuals have a right to be informed about how the school uses any personal data that we hold about them. This report provides information on the kinds of personal data we hold as a school and why and how we might use it.

Schools use a variety of personal data as part of their work and we take great care to ensure that this information is kept safe and secure. Personal data includes things like names, addresses and age, information that we need in order to comply with our statutory role in educating pupils.

Most of this data is essential and does not require your consent to use it. Some personal data is not essential and for that, depending on age, we require the consent of either the pupil or parent. An example of the kind of data that needs consent would be using pupil photographs on the school website.

In this GDPR Privacy Notice summary report, you will find a complete list of all the systems the school uses which hold personal data. The report also contains additional information such as what personal data items are held, the legal basis for doing this, along with a description of the system, why the school processes the data and who it is shared with.

If you have any queries about this document or any other issue relating to personal data, please contact the school Data Protection Officer, whose name is on the front of the pack.

<b>Description</b>	Here at The Headteacher's Report, our entire existence revolves around creating the most dynamic, professional and easy to understand reports for our Heads, CEOs and their Governors and trustees alike. We understand how many leadership hours it typically takes to produce a Headteacher's Report from scratch. With this in mind, we set ourselves the challenge of making this process quicker, simpler and smarter, whilst producing beautifully presented reports. We live and breathe education, no problem is too big to solve and we chuck in a big slice of our family orientated small-business passion into every single report. We help make reporting to Governors and trustees that little bit easier so that you don't have to burn the midnight oil trying to finish your report.
